Our Expertise

G.A.M.E.
German Games Industry Association
Founded on the 6th of March 2004 in Berlin,
GAME is representing more than 100 German
games developer, publisher, producer etc. and is
the most important and biggest association for
German game professionals.

What is our intention?

1. To assist and inform our members in any economic, juristic or technical way they need to be supported in
2. To be a safeguard for the political or economic interests of our members
3. To strengthen the German market place in international competition
4. To be part of a strong European community
5. To provide market figures to our members
6. To develop and establish game specific job descriptions in Germany
